

## Hopkinton EMA Volunteer – Trainings

### Required Basic Trainings

**These trainings may be taken via the internet as interactive, web-based courses with online testing:**

#### Introduction to Incident Command System, ICS-100

ICS 100, Introduction to the Incident Command System, introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).

#### **If you are interested in working in the Emergency Operations Center (EOC):**

##### EOC Management and Operations

This course describes the role, design, and functions of Emergency Operations Centers and their relationships as components of a multi-agency coordination system. The course contains disaster-related examples, activities and case studies that relate to EOC's and multi-agency coordination systems at the local, state and federal levels of government.
