

**2020-2021 Medical Emergency Distribution System (MEDS) -  
Point of Dispensing (POD)  
Virtual Basic Training Schedule**

These virtual training sessions will begin the week of November 1st and proceed through January 14th, 2021. Please understand that the instructor, Travis Vendetti, is involved in several aspects of the RI Department of Health's COVID-19 response and may need to alter this schedule because of responsibilities elsewhere, so it is encouraged for training participants to check this schedule the Sunday before their preferred training session to stay apprised of any changes or cancellations.

**Training Notes:**

- The link to access these training sessions are:  
<https://riema.zoom.us/j/92578672088>, training sessions will open 15 minutes prior to the scheduled training time.
- Please join promptly at the scheduled start time, if no participants are present in the Zoom call at the scheduled start time, the training session will be cancelled.
- Each training session is expected to last between 1 and 1.5 hours.
- If you have never used Zoom conference call/webinar software before, please follow the instructions located here: <https://tinyurl.com/rrx5fqg> when joining the training session.
- Attendance will be gathered via the Zoom chatbox feature, participants will be instructed to provide their name, email address, and municipality they work for and/or are volunteering for.
- Participants will be muted during the training sessions, questions will be gathered via the Zoom chatbox feature at the end of the training session. Any questions that can't be answered during the training session will be addressed via an email to all participants.
