

ELIZABETH & RONALD BRYANT
8 FRANCES BARBER DRIVE
HOPE VALLEY, RHODE ISLAND 02832

Dear Mr. Lamphere,

We are writing to you regarding the access to the proposed Skunk Hill Solar Farm from Arcadia Road.

Even though the solar farm has not received formal approval by the Town of Hopkinton, a stone driveway to access the property has been constructed along the property line that borders Frances Barber Drive. As residents of Frances Barber Drive, we propose that the access to this area, once Hopkinton gives its approval, be midway between Grancera Drive and Frances Barber Drive off Arcadia Road.

We appeal to the Planning Board that an inspection be made of the proposed Skunk Hill Solar Farm to establish a more fair placement of access to this property.

Thank you for your time and consideration.

Sincerely,

Elizabeth and Ronald Bryant
