

# Hoxsie Preserve at Canonchet Preserves Trail Map

## Location:

The Route 3 Main Street Trailhead is 0.7 miles south of I-95 Exit 2 on the west side of Route 3.

## Open Sunrise to Sunset

## Trail Use Guidelines:

Observe posted rules and regulations  
 Motorized vehicles are prohibited  
 No fires  
 No camping  
 Wear blaze orange during hunting season  
 Leave no trace, please carry out trash

## Site Description:

The Rte 3 Main St Trailhead serves both Hopkinton Land Trust and TNC Canonchet Preserves properties. Most trails are in the upland woods with good winter views to the wooded swamp that follows Canonchet Brook South Fork. A dam and mill operated where Canonchet Trail crosses the South Fork via a stone bridge in the west. This western area is rugged with boulder upon boulder, glacial erratics and ledge outcrops. Walking past the stone walls, house and barn foundations, the old mill and extensive stone works at every turn along Canonchet Trail links you back centuries to those who came before. Canonchet Trail continues west and north to Stubtown Road, crossing other HLT and TNC Canonchet Preserves properties.

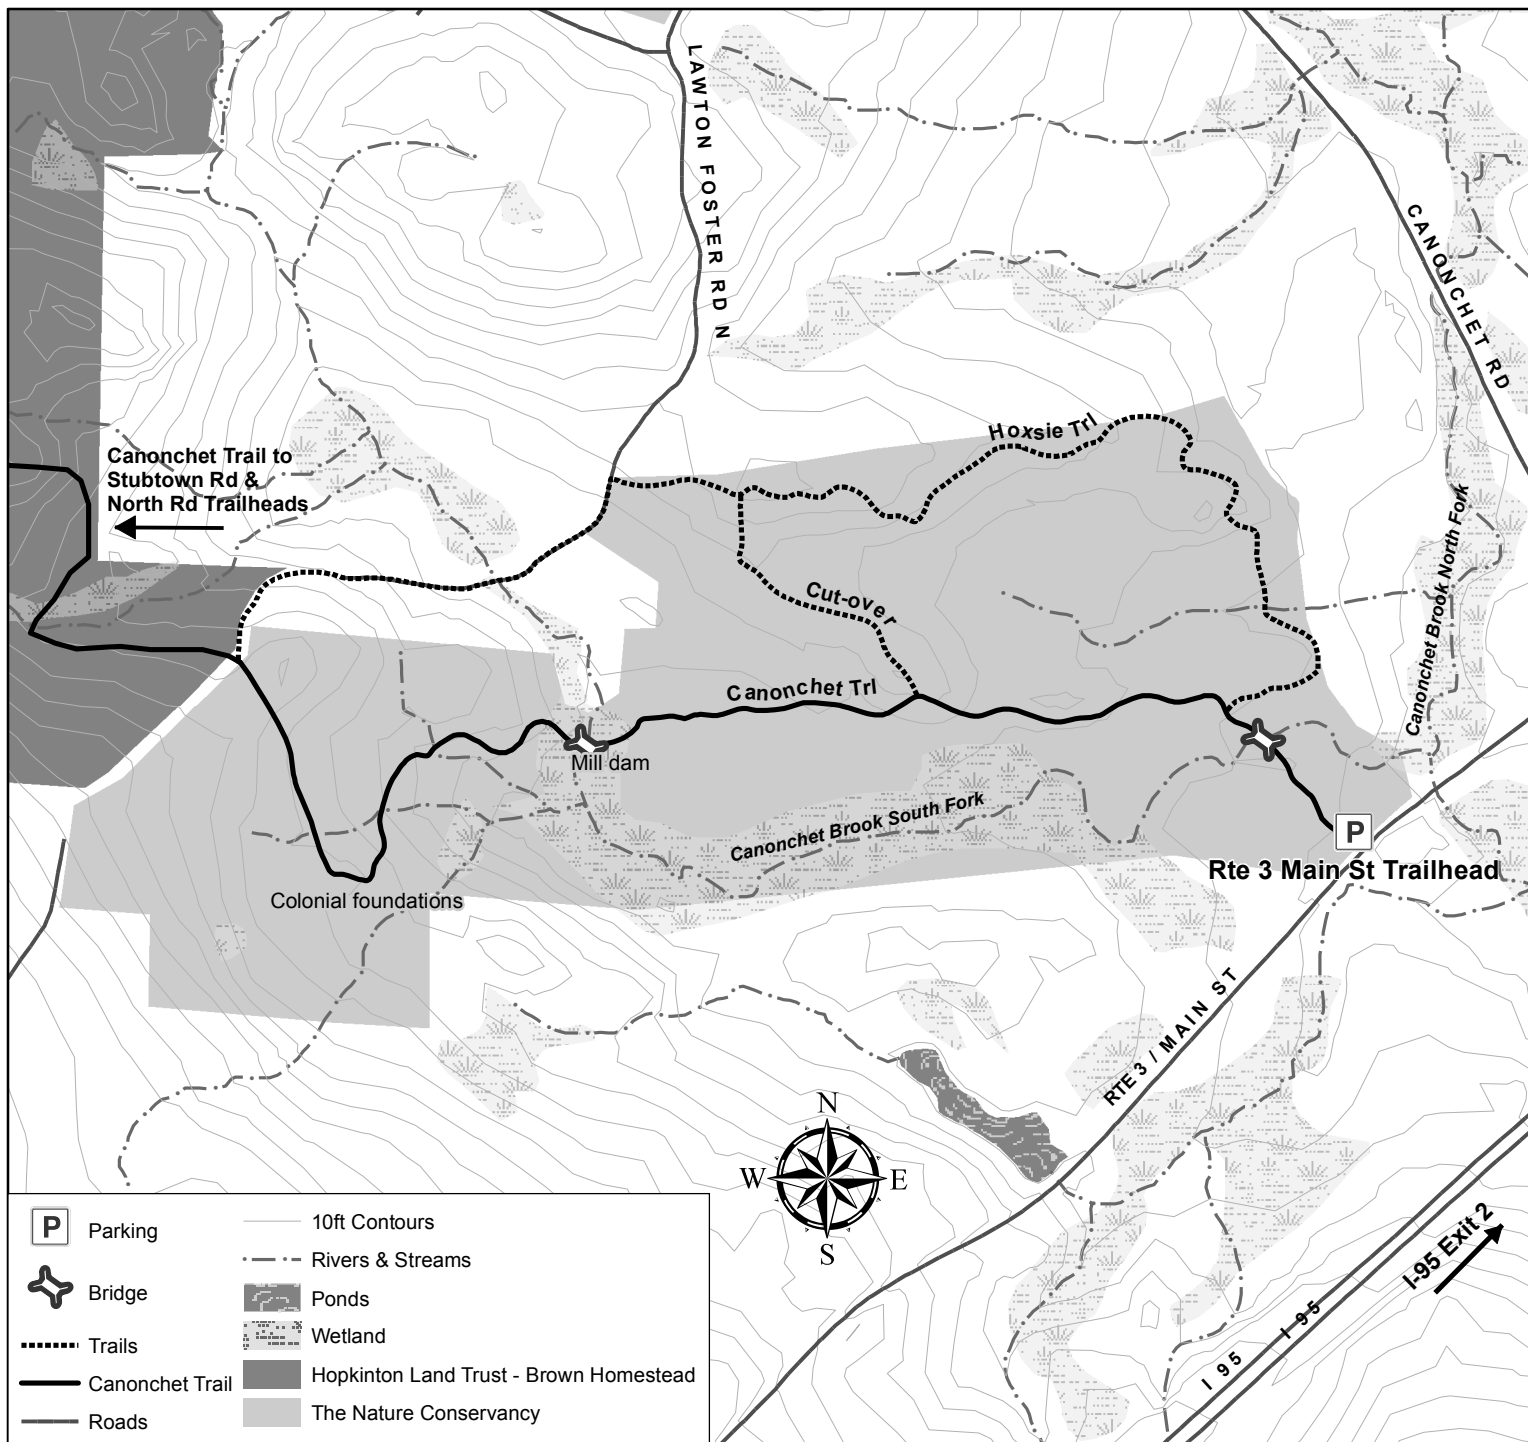

## Trails:

Canonchet Trail - TNC/Hoxsie (0.9 miles from Rte 3 Trailhead to Lawton Foster Rd N, yellow blaze)

Hoxsie Trail (1 mile, including Lawton Foster Rd segment, blue blaze)

Cut-over (0.2 miles, white blaze)

Map by the Southern RI Conservation District using RIGIS data. Map made possible by the Hopkinton Conservation Commission.
