

**HOPKINTON CONSERVATION COMMISSION**

**Notice of Special Meeting / Site Walk**

**Monday, March 29, 2021 at 5 PM**

**0 Chase Hill Road Plat 2 Lot 73 Unit 2**

**This is the former Perry Motors location on the south side of Chase Hill Road. We will meet near the metal building on the right as you enter the property. Wearing of masks and social distancing during the site walk are required. If you have any issues finding the site or if arriving late, please call Harvey at 401 932-1383.**

This will be a site walk with a representative of the Owner. Among the things we know interest us for the site walk are: inspection of the brownfield (old junk yard area), the limits of disturbance for the proposed solar installation, wetlands, roads and trails, and the areas to be conveyed to the Hopkinton Land Trust prior to system startup, and the solar array area to be conveyed to HLT at a later time.
